# PHONICS WORD SORT GAME BOARDS, GRADE 3+

## INTRODUCTION

Students enjoy the game-like features of *Phonics Word Sort Game Boards, Grade 3+*, while learning to read and spell important high frequency grade 3 words. The words are from the *National Reading Vocabulary* and other words important for grade 3. The focus is on multisyllable words. The key to the program's success is word organization. The words are organized by identical endings which make them easier to learn.

## PRESENTING THE PROGRAM

Students begin the program with the first game board and work through the game boards in sequence, or they read the words on the word sort game boards to determine where to begin.

All of the game boards have the same structure. Presenting the program requires only that teachers become familiar with the structure of game board 1.

### FOR THE TEACHER:

#### **Word Sort Game Board 1, Page 1 (Word Completion)**

*(In game board 1, students place the correct endings next to the words as you say them.)*

- The word endings in the bottom of the page are in the correct order for the completed words. Keep the page as your master.

For example, the words for page 1, Word Sort Game Board 1, are **saddle, paddle, rattle, battle, settle, kettle, puzzle, struggle, enjoyable.**

- Students cut out the letter cards on the bottom of the page. They put the correct word endings next to the beginning word parts as you say the words.
- For added practice, students match word endings on their own.

SPELLING NOTEBOOKS

After practice, students write teacher selected words to develop spelling notebooks.

AFTER STUDENTS COMPLETE THE GAME BOARDS,  
SAVE THEM TO USE WITH OTHER STUDENTS.
